Jonathan Halle AIA
Building On Hope
Warrenstreet Architects
27 Warren St.
Concord, NH 03301

Dear Jonathan,

AIANH is proud to inform you of our support of the Building on Hope program. We recognize New Hampshire's need for programs that can fill the gap that traditional housing assistance programs leave behind. Building on Hope's efforts to provide housing to those fellow New Hampshire citizens who are in need is a wonderful use of the hearts, minds and hands of the design and construction communities. We applaud the work you do and offer our full support.

As a demonstration of our support we offer one of our board directors to participate on your board. Architects are natural leaders in the designing of our built environment. We traditionally organize the team of professionals involved in the design process and believe we can provide a benefit in BOH's design and build processes.

One of directors, Karolina Burttt has offered to participate on your board and be a liaison between our boards. She will be in touch with you in the coming days. Please keep us on your mailing list and update us on important developments in Building on Hope program.

We wish you continued success for many years to come.

Respectfully,

Michael P. Morin, AIA
2010 President AIANH
